

## Schadenboner Incorporated's Chaz Stevens Extends Florida Bible Banning Campaign To Include Books By Fox New Personalities

BOCA RATON, Fla., May 25, 2022– In response to Florida HB 1467 book banning legislation, Schadenboner Incorporated has announced plans targeting specific books by FNC personalities. This latest move comes on the heels of organization's proposed ban of Bibles in school libraries across the state. Artist and civil rights activist Chaz Stevens has dubbed the new campaign #BanFoxBooks.

"By banning these books, we can send a very clear message that Fox News' dangerous propaganda will not be tolerated," said Stevens in a statement. "Do we really need to teach elementary school children Trump's world view? What's next, knock the dust off a VCR and crank up the pee-pee tape in the school auditorium?"

Schadenboner Incorporated has issued updated complaints to all 63 Florida Public School Districts, seeking the removal and digital blockage of the following books:

- *Art of the Deal* by Donald J. Trump
- *Conservative Victory* by Sean Hannity
- *Government Bullies* by Rand Paul
- *The Dying Citizen* by Victor Davis Hanson
- *2,000 Mules* by Dinesh D'Souza
- *American Marxism* by Mark R. Levin
- *Pinheads and Patriots* by Bill O'Reilly
- *Here's the Deal* by Kellyanne Conway

"I am categorically against book bans and burnings. However, sometimes the best way to deal with stupidity is to out-stupid them," said Stevens sardonically. "Being the world's worst superhero, I guess this is my superpower."

Expecting substantial pushback, Stevens noted, “I say boo hoo, cry me a river. Seems they didn’t think this through while chucking *The Confessions of Nat Turner* onto their own flaming pile of ignorance.”

Early this year, Tennessee pastor and pro-Trump conspiracy theorist Greg Locke organized a book burning, tossing copies of *Fahrenheit 451* onto the embers.

Said Stevens, “Locke’s seemingly not familiar with 451’s Captain Beatty who said, ‘We stand against the small tide of those who want to make everyone unhappy with conflicting theory and thought. We have our fingers in the dike.’”
